Professional Summary

Aspiring Software Developer with hands-on experience in building and deploying full-stack web applications using modern technologies. Skilled in React.js, UI/UX design, and cloud-based deployment, with a strong focus on creating scalable and user-centered solutions. Experienced in developing AI-powered applications and responsive interfaces. Actively exploring cybersecurity concepts, including threat analysis and secure system design.

Education

Bachelor of Technology in Computer Science and Engineering

Sree Buddha College of Engineering, Kerala

Sep 2023 – May 2027

Higher Secondary Education

NSS Higher Secondary, Pandalam

June 2021 – March 2023

Experience

UI/UX Designer - The Purple Movement

August 2025 - Present, Remote

- Worked as a UI/UX Designer for Wiki Syllabus, strengthening design skills and cross-team collaboration.
- Designed intuitive and accessible user interfaces using Figma and design thinking principles.

Secretary - IEEE IAS SBCE

March 2026 - Present, Alappuzha

- Managing IEEE IAS branch activities, fostering innovation and collaboration among student members.
- Led ideation sessions and promoted collaborative learning

Creative Team Lead - Mulearn SBC

December 2025 - Present, Alappuzha

- Led the creative team in designing digital assets and user interfaces for community initiatives.
- Contributed to branding, content creation, and community-driven campaigns.

Tech Team - TinkerHub SBCE

September 2025 - Present, Alappuzha

- Developed and designed UI components for campus-level platforms.
- Contributed to building user-focused digital solutions for student communities.

Coding Club - Dept. of CSE, SBCE

November 2024 - Present, Alappuzha

- Actively contributed as a member of the Coding Club of the Department of CSE, Sree Buddha College of Engineering.
- Coordinated ideation sessions and contributed to technical events and community initiatives.

Projects

DocuSmith - AI Based report Generator

<https://docusmithv2.vercel.app/>

- A AI-powered report generation platform to automate content creation like generating reports, replacing contents, and producing contents for proposals.

OmniMind V2 - Local AI Assistant

<https://github.com/itzychuu/OmniMindv2>

- Inspired from GODMODE and Claude AI an ultimate local AI was built for precision and accurate answers. This AI produces answers by multiple AI competing with each other to produce accurate answers.

CareGuru - A Medical AI Assistant

<https://careguruv2-updated.vercel.app/>

- A healthcare web application with emergency SOS functionality, AI medical chatbot, and OP appointment booking, designed to provide quick and accessible medical support.

Personal Portfolio

<https://portfolioychuu.vercel.app/>

- A simple 3D personal portfolio built using spline.

YouTube - Redesigned UI of Youtube

<https://github.com/itzychuu/YouTubeCloneNew>

- Redesigned UI of Youtube. Added more functionalities while keeping the user experience clean and versatile

Internships and Training

Cybersecurity Intern - PaceLabs

- Practical exposure to cybersecurity concepts, threat awareness, and secure system practices.

Flutter App Developer Internship - Luminar Technolab

- Hands-on experience in cross-platform app development, UI design, and application logic.

CyberHeist Bootcamp - RedTeam Hacker Academy

- Learned practical concepts in ethical hacking, vulnerability assessment, and basic penetration testing.

Certifications

Cisco Networking Basics - Cisco Networking Academy

- Built strong foundational knowledge of networking concepts, protocols, IP addressing, and basic security.

Packet Tracer Certification - Cisco Networking Academy

- Practical experience in network simulation, configuration, and troubleshooting.

Fundamentals of Deep Learning - NVIDIA

- Gained hands-on experience in neural networks, computer vision, and deep learning model development.

Technical Skills

UI/UX Designing: Prototyping, Wireframing, Design Thinking, Accessibility, Figma

Full Stack Development: HTML, CSS, JavaScript, React.js, Next.js, MERN Stack

Mobile App Development: PyQT5

Programming Languages: C/C++, Python, java

Cybersecurity and Networking: Threat Analysis, Network Fundamentals

Soft Skills: Problem Solving, Leadership, Teamwork, Adaptability
